Value Added Course on “Medical diagnosis” conducted by the Department of Zoology on and from 15th February to 25th February, 2022

A Value-Added Course on “Medical Diagnosis” was conducted by the Department of Zoology on and from 15th February to 25th February, 2022 in the session of 2021-2022 to enhance knowledge about the course. This course is designed to facilitate learning the essentials of Medical Diagnostics. Design of the course shall aid in developing skills required in planning and executing Laboratory process. Laboratory techniques along with fundamentals of laboratory management shall direct the learning process and will ensure efficient and effective understanding and performance in all spheres of laboratory works.

Objectives of the course:

In this course, the students will be introduced to the fundamental concepts of medical technology and the career opportunities available in this field. This course provides an insight to the students regarding various issues associated with laboratory works like Investigation of Bio-fluids, Analysis of blood smear and monitoring the blood pressure machine, identify the malarial parasite, as well as testing blood glucose etc. This course would be fundamental for the development of transferrable skills.

Followings are the main objectives of this course.

- To develop transferrable skills among the students for managing Laboratory works efficiently so that they could be ready to join the Laboratory functions in any organization.
- To provide knowledge to students in concise and understandable format so that students could learn and apply these concepts in their career for the growth.
- To provide brief insight about personal grooming and its stages, meaning and importance of knowledge of Laboratory base works

Career opportunities:

Medical diagnostics as a functional domain offers immense career opportunities to all age group of people irrespective of qualification, gender, race and religion. Following career opportunities are available in this field. Students can make their career in any field based on their interest and suitability in

- Medical lab technology
- Pathology
- Cytology

NOTICE

We are pleased to announce a 30-hour value-added course on "**Medical Diagnosis**" conducted by Department of Zoology. This course is designed to enhance students' understanding of the basic concepts and designed to facilitate learning the essentials of Medical Diagnostics

Course Details:

- **Duration:** 30 hours
- **Dates:** February 15, 2022, to February 25, 2022
- **Eligibility:** Open to all students
- **Enrolment:** Limited to 500 students on a first-come, first-served basis

Registration: Interested students are requested to register at the college administration office by February 10, 2022

For further information, please contact the course coordinator Dr. Sreejata Biswas, Department of Zoology.

This is a unique opportunity to gain valuable knowledge in one of the most rapidly advancing fields. We encourage all eligible students to take advantage of this course.
