Memorandum of Understanding (MOU)

THIS AGREEMENT is made on this 22nd December, 2023.

BETWEEN

RAIDIGHI COLLEGE

P.O. & P.S. Raidighi, Dist:- 24-Parganas(South), Pin - 743383

AND

BANGABASI COLLEGE

19, Rajkumar Chakraborty Sarani, Kolkata - 700 009

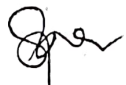

Here in after individually referred to as "the Party" and jointly referred to as "The Parties".

DESIRING to support the cooperation between The Parties in education, academic and training programmes

PURSUANT TO the prevailing laws and regulations, policies and procedures of India HAVE REACHED the following understanding :

Contd.....P/2

Principal
Bangabasi College

DR. SASABINDU JANA
Principal
RAIDIGHI COLLEGE
South 24 Pgs.

Article 1

OBJECTIVE OF COOPERATION

The objective of this Memorandum of Understanding (MOU) is to cooperate in educational projects in areas of mutual interest

Article 2

SCOPE OF COOPERATION

The Parties agree to implement cooperation programmes including but not limited to :

- f. Exchange on best practices.
- g. Faculty and student exchanges.
- h. Skills based certification/add on certification courses.
- i. Organizing seminars/webinars/conferences/symposia
- j. Access of students of both institutions to quality enhancement programmes organized at both the institutions.

Article 3

FINANCIAL ARRANGEMENT

Any cooperation under this MOU is subject to the availability of funding sources and approval by relevant authorities.

Article 4

LOCATION OF ACTIVITIES

3. The Parties agree to implement the programmes stated in Article 2 at Raidighi College and Bangabasi College
4. Any changes of the location of the programmes shall be mutually agreed upon by the Parties.

Article 5

MODE OF CONDUCTING THE PROGRAMMES

The programmes will be conducted primarily in the Offline mode. Ample arrangements should also be made to conduct programmes in the online mode.

Contd.....P/3

Principal
Bangabasi College

DR. SASABINDU JANA
Principal
RAIDIGHI COLLEGE
South 24 Pgs.

Article 5

DURATION AND TERMINATION

- 5) This MOU shall into force on the date of signing.
- 6) The MOU shall remain in force for a period of five(5) years and may be extended for another period of five (5) years by the mutual written consent of the Parties.
- 7) Either Party may terminate this MOU at any time by giving written notification to the other Party on its intention to terminate this MOU, six (6) months prior to the date of the termination.
- 8) The termination of this MOU shall not affect the completion of any project/s and programme/s in progress and not completed at the time of termination.

Article 7

AMENDMENT

- 3) This MOU may be amended or revised at any time by mutual written consent of the Parties and such amendment shall form an integral part of this MOU.
- 4) Such amendment/s or revision/s shall come into force on the date as may be determined by the Parties.

Article 8

SETTLEMENT OF DISPUTES

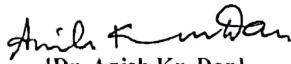

Any dispute concerning the interpretation and/or application of this MOU shall be settled amicably through consultations or negotiations between the Parties.

Activities undertaken under MOU with Bangabasi Morning College and Raidighi College

As part of the collaborative initiatives outlined in the memorandum of understanding (MOU) between Bangabasi Morning College and Raidighi College, a dynamic student exchange program took place within the Department of Botany at Bangabasi Morning College. On **December 23, 2023**, the Botany Lab of Bangabasi Morning College hummed with activity as students from both institutions converged to partake in this enriching experience.

Among the eager participants were the diligent learners from Raidighi College, creating a melting pot of academic curiosity and cultural exchange. At the heart of this collaborative endeavor lay the enlightening subject of **mushroom cultivation**, an area of expertise eagerly shared with the students.

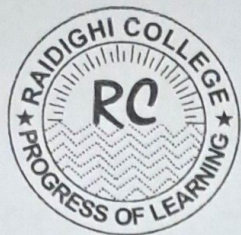

Guiding the aspiring botanists through this immersive journey were esteemed faculty members, Dr. Papiya Saha and Dr. Radharaman Bar, distinguished figures within the Botany Department at Bangabasi Morning College. With their wealth of knowledge and passion for the subject, they demonstrated a hands-on training program that left a lasting impression on all involved.

Accompanying the distinguished professors were 15 students, eager to absorb every facet of the learning experience. Together, they explored the nuances of mushroom cultivation, from the intricacies of growth to the practical aspects of cultivation techniques. The atmosphere buzzed with enthusiasm and intellectual curiosity as participants delved into the fascinating world of botany.

This collaborative effort not only fostered academic growth but also forged bonds of friendship and understanding between students of different backgrounds. It exemplified the power of partnership in nurturing a shared passion for knowledge and learning, leaving an indelible mark on all who participated.

Sub: Request for demonstration of practical classes of ZOOM Semester I

Dear Dr. Dutta,

We have few basic instruments in our Zoology laboratory & CCF and new syllabus of Zoology requires lots of sophisticated instruments and reagents that we presently do not have. In this regard, would it be possible for you to kindly allow demonstration of

“1.Cell viability study by Trypan Blue Exclusion method.

2. Isolation of Bone Marrow Cells from Rat/Mouse and Giemsa Staining” of CC-1 Cell Biology Paper for Semester -1 Hons. on 29th January, 2024.

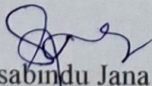

This can be considered as part of MOU related academic activities as we are already committed to encourage collaborative activities to facilitate teaching learning process.

We will really appreciate this as our students will be greatly benefited by your generous gesture.

Total 19 Students (16 female and 3 male students) and **1 Teacher (Mr. Pintu Mondal, Assistant Professor in Zoology)**

Thank you.

Best regards

Dr. Sasabindu Jana
