## Programmes of Electoral Literacy Club

Bangabasi Morning College hosted an extensive "Orientation Programme on Electoral Literacy" on February 27, 2023. This initiative, conducted under the guidance of the Electoral Literacy Club (ELC) in collaboration with the Internal Quality Assurance Cell (IQAC), saw the participation of 55 students. The program aimed to sensitise individuals about the importance of engaging in elections with integrity, understanding their rights and responsibilities as voters, and cultivating a deeper understanding of democratic principles. Through interactive sessions and informative discussions, attendees were empowered to become more informed and conscientious members of the electorate, thereby contributing to enhancing democratic processes within the community.

Note: IQAC in Collaboration with the Electoral Literacy Club organised the Orientation Programme on Voting Awareness on 27.02.2023.
