## Policy document for Green Campus Initiatives

In present day scenario, active measures for creation and maintenance of green campus is very important step for incorporate the environmental awareness into the society.

**Objectives :** During formulation, following Objectives were taken for consideration :

- i. To make aware about the importance of Environment.
- ii. To minimize non-recycling waste product.
- iii. To manage E-wastes.
- iv. To minimize conventional energy consumption.
- v. To conserve natural resources like water, energy etc.

### Strategies for Green campus initiatives

- **Ban on use of plastic :** Use of plastic is to be monitored by the college authority of Bangabasi Morning College. Awareness programmes are to be organised by the NSS unit regularly for both students and college staffs. Board with : “*Do not use Plastic*” to been placed throughout college premises.
- **Ban on tobacco smoking and ban on Chewing of tobacco products, Gutkha, paan masala:** For maintaining a healthy atmosphere within the campus, College need to notify to impose ban on tobacco smoking and ban on chewing of tobacco products, gutkha, paan masala inside the college campus. Boards with messages are placed throughout the campus.
- **Green landscaping :** Although the College is located at the centre of the city, initiatives to set up it's own greenary zone should be undertaken. Potted plants , vertival gardens can be installe, which will be maintained by a parmanent staff.

## Report on implementation of the initiatives

- The vermicomposting unit, installed near the college canteen is functional. It is being maintained by the Department of Zoology. Here, biodegradable kitchen wastes are managed to prevent pollution.
- Solar panels have been installed on the roof of the college building. It is fully operational since then.
- Non-teaching staffs of various departments always move around the college premises and checks whether lights and fans are switched off or not in vacant classroom.
- Potted plants are placed around the available spaces of the college campus, which are maintained by a staff regularly.
- A vertical garden has been developed in the new campus of the college. A trained staff is in charge of maintenance.
- The Coordination Committee of Bangabasi Morning College has sanctioned the proposal of installing lift facility. The construction work will be started shortly.
- There is a permanent ramp for wheelchair for the persons with physical challenges. Portable ramps are used occasionally for the easier access to them who need it. On the basis of request, wheel chair and human assistance are also provided for disabled students and staffs or guests from outside.
